

Fentanyl & Other Illicit Drugs

Fentanyl, an opioid, is 100 x more potent than heroine and is a “game changer” in the fight against drug overdose deaths. It crosses all age ranges and is prevalent in each province, including NS.

To learn more about the Fentanyl crisis as well as other common street drugs within our communities, please attend an info session on **Wednesday, May 17th /17 at the Chester Basin fire hall starting at 7PM.**

RCMP Cpl. Phil Joudrey, from the “H” Division Federal Serious & Organized Crime Unit and the CLEAR Team Coordinator will be facilitating a discussion on this subject.

All first responders, teachers, parents and interested persons are welcome. **Admission is free.**

Limited seating available so come early.

For more info, contact Wendy Rafuse, CTSS at 275-8233.
